SUMMARY

IT support professional with nearly 2 years in IT across enterprise healthcare and managed service provider environments. Most recently handled 285+ calls and logged 254 ServiceNow incidents as Tier 1 phone support for an enterprise Epic EHR go-live; before that, served as the primary contact for ~70 client accounts and ~50 tickets a month at an MSP, working in Autotask PSA. Microsoft 365 Fundamentals (MS-900) certified; CompTIA A+ Core 1 passed, Core 2 exam scheduled. Available immediately for day-shift roles.

EXPERIENCE

Help Desk Analyst | UPMC (Contract via All Lines Technologies) Aug 2026 – Oct 2026

Full-Time · Remote · Tier 1 support for UPMC's Bridges program, a systemwide move to the Epic EHR · Contract concluded as go-live call volume declined

- Handled 285+ inbound calls from clinical and administrative staff, peaking at 32 calls in a single go-live shift.
- Cut average talk time 37% (8:03 to 5:02 min) while calls per shift grew 2.6x through the go-live.
- Logged 254 incidents in ServiceNow; resolved 117 at Tier 1 and escalated the rest with documented symptoms, impact, and steps taken.
- Maintained 87% average ready time in Cisco Finesse, triaging access, login, and application issues across Epic, Citrix Workspace, Microsoft 365, and Teams using Cisco Jabber and UPMC proprietary knowledge bases and tools.

Account Manager | IntermixIT Sep 2024 – Feb 2026

Full-Time · Remote · Managed Service Provider · Client-facing IT support and ticket coordination

- Primary point of contact for ~70 client accounts, taking in and driving ~50 service tickets a month to resolution.
- Created, prioritized, tracked, and escalated tickets end to end in Autotask PSA, keeping queues moving and clients informed at every stage.
- Worked with engineers on troubleshooting, procurement, and project delivery to close out client issues.
- Supported client and employee onboarding, maintained account data in Microsoft 365 and the CRM, and led Quarterly Business Reviews across the account base.

Order Builder | ABARTA Coca-Cola Sep 2023 – Apr 2024

Full-Time · Maintained accuracy and quality control across hundreds of daily orders in a fast-paced warehouse.

TECHNICAL SKILLS

Help Desk: Tier 1 triage · Phone support · Ticketing (ServiceNow, Autotask PSA) · Escalation and documentation · Account access and login issues · End-user and remote support · Onboarding · SLAs

Systems: Windows 10/11 · Microsoft 365 (Outlook, Teams, OneDrive) · Epic (end-user support) · Citrix Workspace · Cisco Finesse and Jabber · Active Directory and Intune (learning)

Hardware and Networking: PC hardware and peripheral troubleshooting · TCP/IP, DNS, and DHCP fundamentals (CompTIA A+)

Also familiar with: Power Automate · Python · REST APIs · n8n · Zapier · Git

CERTIFICATIONS

- Microsoft Certified: Microsoft 365 Fundamentals (MS-900)
- CompTIA A+ Core 1 (220-1201): Passed July 2026
- CompTIA A+ Core 2 (220-1202): Exam scheduled

SELF-STUDY PROJECTS

Built on my own time while learning these tools; not production systems.

AI Customer Support Automation · Zapier, OpenAI, Airtable, Gmail, Slack
Classifies incoming requests, routes them by type, drafts replies, and logs each one to Airtable.

Azure AI Text and Image Apps · Python, Azure AI Language, Azure OpenAI, Streamlit
Detects language, extracts entities, and redacts PII; a companion app generates images from prompts. Deployed to the cloud.
