

MAX MAGULICK

AI-Native Professional | IT & Automation Specialist

maxmagulick@gmail.com • Columbus, OH • [linkedin.com/in/max-magulick](https://www.linkedin.com/in/max-magulick) • [youtube.com/@maxmagulick](https://www.youtube.com/@maxmagulick)

SUMMARY

Self-taught AI and automation professional with 1+ year of hands-on MSP experience managing 70+ client accounts and building real-world AI applications. Certified in Microsoft 365 (MS-900). Proven ability to design and deploy automation systems using Python, Azure AI, Zapier, and Power Automate. Creating practical AI content across YouTube, TikTok, LinkedIn, and Instagram. Seeking a full-time IT or AI-adjacent role where I can contribute immediately.

EXPERIENCE

MSP Account Manager / IT Support

IntermixIT • Full-time, Remote • Sep 2024 – Mar 2026 (1 yr 7 mos)

- Supported ~70 client accounts in an MSP environment, managing ~50 service tickets per month
- Served as primary liaison between clients and technical teams to ensure timely issue resolution
- Created, tracked, and prioritized tickets using Autotask PSA
- Led and improved Quarterly Business Reviews (QBRs), increasing presentation quality and delivery efficiency
- Maintained accurate client data across CRM and internal platforms
- Built Power Automate workflows to reduce manual tasks and improve internal processes
- Collaborated with engineers on project planning, procurement, and service delivery

Order Picker

ABARTA Coca-Cola Beverages, LLC • Full-time • Sep 2023 – Apr 2024 (8 mos)

- Maintained high productivity completing hundreds of daily orders in a fast-paced warehouse environment
- Ensured accuracy and quality control in order preparation and shipment processes
- Collaborated with team members and supervisors to meet daily operational targets

PROJECTS

AI Customer Support Automation System

Zapier • ChatGPT (OpenAI) • Airtable • Gmail • Slack • Google Forms | May 2026

Built a multi-path Zapier automation that classifies inbound support requests with ChatGPT, routes them to the correct response path (urgent / billing / technical / general), generates context-aware email replies, and logs records to Airtable — fully automated, zero human intervention.

AI Image Generator

Python • Azure OpenAI • Microsoft Foundry • Streamlit | Apr – May 2026 • Live Demo:

ai-image-app-sl8hgxdvneslevt4usqhbt.streamlit.app

Developed and deployed a web application that generates high-quality images from text prompts using Azure OpenAI and Microsoft Foundry. Implemented prompt enhancement, customizable styles, secure API handling, and live deployment.

AI Text Analysis App

Python · Azure AI Language · NLP · Streamlit | Mar – Apr 2026 · Live Demo:

ai-text-analysis-app-o6szo8hc52a35muuqrsd9v.streamlit.app

Built and deployed an NLP application that detects language, extracts named entities, identifies PII (emails, phone numbers), and generates redacted output for compliance and document workflows.

Power Automate Workflow Suite

Microsoft Power Automate · Microsoft 365 · Autotask | 2024 – 2026

Designed and deployed internal automation workflows at IntermixIT to streamline MSP operations, reduce manual data entry, and improve team efficiency across 70+ client accounts.

SKILLS

Technical

Python · Azure OpenAI / Azure AI · Zapier · Power Automate · Streamlit · ChatGPT / OpenAI API · Microsoft 365 · Autotask PSA · Airtable · Notion · Canva · CRM Platforms · API Integration

Soft Skills

Client Communication · Problem Solving · Systems Thinking · Adaptability · Organization · Entrepreneurial Mindset · Content Creation · Ticket Management

CERTIFICATIONS & EDUCATION

Microsoft MS-900 — Microsoft 365 Fundamentals

Microsoft Certified

Hilliard Darby High School · Class of 2023

Columbus, OH
